

## **Defining Relative Clauses Personalised Speaking Practice**

Ask your partner about their evening/ day/ week/ weekend in as much detail as possible. Imagine you know nothing about this country, this city, your partner's job or your partner's company and ask them to explain at least one thing during your conversation with questions like "Sorry, what is...?" Then switch roles and do the same thing. Useful phrases for the person answering the questions are in **bold** below. Continue switching roles and doing the same thing until your teacher stops you, then as a class share what you explained to your partner and discuss how those explanations could be improved.
