

## FCE and CAE Use of English Part Two- open cloze games

*Rush to be first to come up with a grammatically correct sentence with a gap that can only be filled by the word your teacher calls out from the list below. Put up your hand when you think you have written one. If another team challenges you because there is something wrong with your sentence or more than one word can go in the gap, you will lose a point. However, if their challenge is incorrect, they lose a point.*

*Choose one of the words above and give sentences with that word missing until your partner guesses which word you chose.*

*Do something similar, but this time competing to make the most sentences where that is the only word that can fill the gap within the time limit that your teacher sets. Each sentence must use the word to go in the gap (= the word your teacher calls out) at least slightly differently.*

*Play the same games with the pairs of words that your teacher reads out.*

## FCE Use of English Part Two easily confused words practice

*Make pairs of sentences contrasting the uses of these pairs of words (meaning where each word can only go in one of the two sentences). Some of the words have several meanings, so try to make sentences with similar meanings if you can.*
