

How many... have? Simple Numbers Quiz

Listen to an easy trivia question and race to do the thing(s) from the list below that your teacher tells you to:

- Shout out the answer as a number
- Shout out the answer as a full sentence
- Write the answer as figures
- Write the answer as a number word (with the correct spelling)
- Write the answer as a full sentence
- Slap the right number on a card, the worksheet or the board
- Throw something at the right number on the board

Do the same, but with a student asking the questions. Then make up similar questions to test another group with.

Numbers to slap or copy

zero	one	two	three
four	five	six	seven
