

IELTS Listening Part One answers spelling pairwork

Optional: Work with someone with the same worksheet and try to correct any spellings which you think are wrong.

Work with someone who has the other worksheet in Student A and Student B pairs. Without showing your worksheets to each other, work together to find out how the spellings on each line are different, decide which is correct, and change the spelling of yours if it is wrong. You can use phrases like:

- “How is that spelt (on your worksheet)?”
- “On my worksheet, it is spelt...”
- “Sorry, I didn’t quite catch that. Is that... (or...)?”/ “What was that again?”
- “Did you say... (or...)?”/ “Is that spelt with a... (or a...)?”
- “So, that’s...”/ “OK, got it”
- “The difference is...”/ “Yours has... whereas mine has...”
- “I think mine/ yours is correct because...”

Check as a class or check that you don’t have any of the All Errors versions on your finished worksheet.

Ask about any which you don’t understand, are not sure how to pronounce, etc.

This time without any help, work together to correct all of the mistakes on the All Errors worksheet.

Check with the original worksheets.

Ask about any which you don’t understand, are not sure how to pronounce, etc.

Test each other on the spelling and pronunciation of the corrected versions of the lines below with phrases like these:

- “How do you spell...?”/ “Can you spell... for me?”/ “Can I check the spelling of...?”/ “Is... spelt with a... (or a...)?”
- “That is spelt... (double...) (with V for violin/ with... for...)”
- “How do you pronounce this?”/ “Can you say this (for me)?”
- “It is pronounced... (with v, as in violin/ with..., as in...)”
- “Sorry, I didn’t quite catch that. Is that... (or...)?”/ “What was that again?”/ “So, that’s...”
- “OK, got it”

Each time the other person must correctly spell or pronounce all of the words on that line.

Student A

Without showing your worksheet, work together to find out how the spellings on each line are different, decide which is correct, and change the spelling of yours if it is wrong.
