

## Months- Hangman Guessing Game

### Months spelling practice/ Present Simple speaking

#### Instructions

*Choose one of the months below:*

- January
- February
- March
- April
- May
- June
- July
- August
- September
- October
- November
- December

*Draw a blank line on the board or a piece of paper to represent the name of the month that you chose (“\_\_\_\_\_”). (Don’t write shorter gaps for each letter like normal hangman, because this will make the game too easy).*

*Give one hint about which month you are thinking of, using a phrase like those below. Your partner can then guess one letter of the month that you are thinking of, e.g. “T”. If they are right, write that letter in the correct place on the blank line. If the month that you chose doesn’t include that letter, then draw a cross instead. Continue until your partner spells the whole month that you chose, then switch roles and try to guess the month that your partner chooses. Continue switching roles and doing the same until the teacher stops the game. The person who guesses a whole month with fewest crosses (e.g. just one cross in the seventh round) wins the whole game.*
