

Nationality Words- Stress Maze Games

Nationality words stress maze game 1

Trace a route through the maze below by following only the country words which change into nationality words that are stressed on the first syllable, starting from the top-left corner word "India" (because the nationality word is "Indian", which is stressed on the first syllable). You can't jump over squares and you can only move vertically or horizontally (meaning up, down, left or right), not diagonally. You should finish somewhere on the right-hand side of the maze, with an unbroken line of squares between the start and finish.

India	China	Malta	Lebanon	Pakistan	Argentina
Austria	Turkey	Iraq	Japan	Portugal	Taiwan
Norway	Poland	Israel	Brazil	Mongolia	Italy
Ireland	Denmark	Egypt	Australia	Georgia	Finland
