

Phrasal Verbs- Storytelling Game

Instructions for teachers

Students take turns using phrasal verbs to tell a story, carrying on until the story reaches a good conclusion. The game can be played with the particle cards and/ or the verb cards. If you are using both, you can ask them to use both together or you can let them use them separately if they want. They could then tell their story to other students.

break	break	break
bring	bring	bring
