Worksheet 2- Instructions and model answer

***Instructions:** Fill all the gaps in the top section below and then stop. Fold the paper at the first dotted line so that the part you have written cannot be seen. Pass that piece of paper to the person on your right and take the one from the person on the left. Without looking at the parts that have already been written, fill the gaps, fold and pass in the same way. Continue writing, folding and passing until you reach the bottom of the page. Pass the page one more time, read the one you receive and tell the class whether it makes sense or not (it usually doesn't!)*
