*What tenses did you use in your sentences and why?*

*What are the differences between those tenses?*

*What other tenses might have been possible?*

*Match these possible endings to the sentences above*

you were trying to meet a deadline

the person in the next room was snoring loudly all night

you hadn't seen them for over a year

you hit the person who was irritating you

you had just seen a spider

was in a church

was when you had finished all your end of year exams

you were waiting for a bus

you had been drinking the night before and had a hangover

you were preparing dinner

you had just discovered something your brother or sister had broken

you hadn't slept for over 24 hours

your pet had died

*Identify the tenses above and why they are used each time.*

*Could you change any of the tenses above? How would that change the meaning?*
